

St. John's Super Sentinel

November, 2016

Hello everyone, as editor I am proud to present the new edition of 'Super Sentinel'. I really hope this edition spikes your attention . This edition , November , has really caught my attention because of the multiple charities and events: Remembrance day, Kenya's cow competition and Children in Need. Miss Mazzei has chosen a new team, so you will now see different names. We hope you will enjoy!

By Keira Deaville (Editor)

Kenya's new cow

Our school in link with us, which is called Matili FYM, is going to get a new cow very soon. We have raised money by having juice and biscuits at break. Generously, Miss Mazzei donated £2.50 for 5 of the children in Y5/6 M to have juice and biscuits. Altogether, we raised £18.50 for this new cow. We have decided on a name :DELILA!!! Although, we could only use one name, there were many brilliant suggestions:

*Toncheddar, Poppy, Rosy, Milky way, Mooey Mc Moo-face, Dairy milk, Tilley John, Beefy and Katy
By India Vickers and Evie Beech-Daly.

Teacher Fact file: Miss Mazzei

What is your favourite thing about teaching? The fact that you don't look at the time and that time goes fast. I also like teaching people new things.

Do you like the people you work with? Yes I speak to all of them, some more than others because I see them more often.

What's your favourite event in the school? Children in need. All fun raising events and I like it when the animals come into the school.

Is there anything in particular things you don't like about school? Getting up early, I don't like it when its winter time because it goes dark and I don't like arriving when it's dark and it's dark when it's home time for teachers.

St John's Super Sentinel

November, 2016

During the First World War (1914–1918) much of the fighting took place in

Western Europe. A beautiful countryside was blasted, bombed and fought over, again and again. The land swiftly turned to fields of mud: unwelcoming and barren scenes where little or nothing could grow.

Bright red Flanders poppies however, were fine but strong flowers and grew in their thousands, blooming even in the middle of chaos and destruction. In early May 1915, shortly after losing a friend in Ypres, a Canadian doctor, Lt Col John McCrae was inspired by the sight of poppies to write a now famous poem called '**In Flanders Fields**'.

On Saturday 26th November, some children, who have done very good homework, went to a special visit to Liverpool. When they arrived, they had a small walk through ST Johns' garden while waiting for the open top bus. They went on a 45 minute tour of Liverpool's famous monuments. After that, they went to the world museum to learn and have fun. Many of the children said, "the cell cookies making was really good." Ranudi said, "I really enjoyed the open top bus and seeing China town." Jackie said, "I enjoyed it because there were different things to see."

CHILDREN IN NEED

This year, at St John's Primary School, we raised money for children in need by the Y6 making cakes-or buying- to sell for 50p. We also did a non school uniform day or spottiness for £1. We managed to raise a whopping £408. Coincidentally, the Y6'S class assembly was that day and guess what it was about...**CHILDREN IN NEED!!!** Thank you to you parents and children reading this who gave your child or brought in some money. Every individual child made a difference for at least one child disabilities or diseases. Written by India Vickers
