

# St. John's Super Sentinel

January, 2018

**Big News...** This month, we have had lots of exciting opportunities: we visited The New Vic Theatre to watch Treasure Island, we made our own New Year's resolutions and we had a long think about what we all want to be when we are older. I hope that you have had a brilliant new year and that you are ready to put your head down and to work your hardest.

India Vickers (editor) and Evie Beech-Daly (best friend and deputy editor)

The poem for the January is from Godwin Biji in Y6.

**A new year has arrived to make us happy.**

**This year a new year not just a year is going to improve, better than last year,**

**Therefore our lives will live forward happily enjoying and living a good life!**

**BUT LIVING IS THE MOST IMPORTANT BECAUSE THAT IS HOW WE HAVE FUN!!!**

Typed by Hollie

**There was a girl named Jem who lived a still life...**

But a pirate named Flint came in one day and asked for eggs and bacon! Flint had eggs and bacon all day , everyday. But one day another pirate broke in and killed Flint. **It was grim!! Jem opened Flints chest and found a map !**

It was to treasure island...

She and her crew accompanied her on her journey! She made new friends and enemies. The festive songs broke in and made the show stunning! In the end tables turned and the ending was peculiar!

The dancing scenes were WOW!

**I recommend you to watch the play! It's very nice! Sometimes you can't understand them but the show was stunning!**

**By Anna**
