## BIG NEWS...

This month, we have been doing lots of exciting things on the run up to Easter: we have had a visit from the Animal Man who showed us lots of fascinating insects, we have all made our own things to do more or less of and we have been eagerly waiting to find out if we were to receive our next behaviour reward. Have a brilliant Easter everyone!!!!

**Can people with down syndrome have the same expressions to people without it ?**

Many people say that people with down syndrome are always happy . Although they are very loving, they experience all emotions that other people do.

**What is down syndrome?**

It is a condition that children may be born with. It is where there are three copies of chromosomes twenty one in a babies cells. It happens by chance.

**Does down syndrome effect your life?**

It can effect physical and mental development. It may take a child longer to achieve things and also there can be many health complications.

**Doing Our Best In Everything.**

Doing your best in everything makes no zest, because it is best to do all you can.

Always try your best, never give up what-ever happens,

because then every talent you have will go away.

So you earn your talents and knowledge.  
That is how you live a good...

LIFE

This poem is from Godwin Biji in Y6. This poem is not about Easter but it's about how we should all do are best in everything in life, to never give up

## Easter Sunday

Everyone Loves Easter Eggs,  
Always be asleep at night,  
So the Easter bunny can hide your eggs,  
The Easter bunny is quick,  
Every year he is sneaky,  
Riding his flying Easter egg sleigh,

So you get your eggs in time for Easter,  
Under your bed might he might be lay,  
Never has he been seen, even by parents,  
Don't wake up at night, or else the Easter bunny won't leave you any eggs,  
Always leave a carrot for him, he'll always need a snack,  
You'll always see an egg on Easter morning if you are good!
